- React.js
- Next.js
- Framer Motion
- HeroUI

Backend

- Node.js
- Express.js
- REST API
- Authentication

Database

- MongoDB

Tools & Platforms

- Git & GitHub
 - VS Code
 - Vercel
 - Figma
 - Postman
-

Projects

Restaurant Website

- Built a modern restaurant website using Next.js and Tailwind CSS.
- Implemented responsive layouts, animations, dark mode, and smooth UI interactions.
- Added reusable components and clean section-based architecture.

Online Book Borrowing Platform

- Developed a book management platform with category filtering and search functionality.
- Used React state management and dynamic rendering techniques.
- Created responsive UI for better user experience.

Portfolio Website

- Designed and developed a personal portfolio website.
- Implemented smooth scrolling navigation, animations, and dark/light theme support.
- Showcased projects, skills, and contact information.

Wanderlust API

- Built backend APIs using Express.js and MongoDB.
 - Created CRUD operations and connected MongoDB collections.
 - Practiced REST API architecture and server-side development.
-

Education

Higher Secondary Certificate (HSC)
